Recolección

A watercolor illustration of a branch with green leaves and pinkish-red flowers. The style is soft and painterly, with visible brushstrokes and a gentle color palette. The text is overlaid on the central part of the image.

# LOS FRUTOS VANOS

A watercolor illustration of a flowering branch, likely from a tree, featuring several green leaves and numerous pink blossoms in various stages of development. The background is a soft, light green wash.

Potenciar los factores que aumentan la cantidad de reservas acumuladas en el árbol como el riego y el abonado.

Se ha constatado que el mantenimiento del nivel de boro en hoja por encima de las 120 ppm, con aplicaciones durante el periodo de brotación, reduce significativamente el número de frutos vacíos.

A watercolor illustration of a flowering branch, likely a cherry blossom, with numerous pink and white blossoms and green leaves. The style is soft and painterly. The text "LAS PLAGAS" is overlaid in the center in a bold, dark brown font.

# **LAS PLAGAS**

A watercolor illustration of a flowering branch, likely a cherry blossom, with numerous pink and white blossoms and green leaves. The text "LAS ENFERMEDADES" is overlaid in the center in a bold, dark brown font.

# **LAS ENFERMEDADES**

A watercolor illustration of a flowering branch, likely a cherry blossom, with numerous pink and white blossoms and green leaves. The word "ACCIDENTES" is written in a bold, dark brown, sans-serif font across the center of the image.

# ACCIDENTES

A watercolor illustration of almonds and almond blossoms. The almonds are light brown and some are still in their green, fuzzy husks. The blossoms are pink and white. The background is a soft, light green wash.
